the blood cancer charity

**EXCLUSIVE AUCTION**

# Sir Geoff Hurst Miniature Bronze Statue

Cure Leukaemia are delighted to be the chosen charity, to be supported by Rocksalt, Folkestone, for the exciting luncheon with Sir Geoff Hurst on Wednesday 6 November.

The luncheon will include the unveiling and auction of a very distinct and unique miniature bronze statue of, and signed by, the legendary Sir Geoff Hurst – World Cup winner and hat-trick scorer, in the 1966 Final over West Germany.

Proceeds of this very unique prize, will be donated to Cure Leukaemia in their fight against finding a cure for blood cancers.

## STATEMENT OF ANDREW EDWARDS, WORLD RENOWNED SCULPTURE:

**“I am deeply proud and honoured to have been commissioned to sculpture statues, presented to and unveiled by, iconic and legendary world figures which include:**

- President Barrack Obama
- The Duke and Duchess of Cambridge
- The Beatles on Liverpool Waterfront
- Archbishop Desmond Tutu
- The Princess Royal
- The Earl of Wessex
- Sir Alex Ferguson
- Sir Geoff Hurst
- Muhammad Ali
- Pelé
- And many others!

Scale models of the public artworks I'm commissioned to create are saved in my collection and are very rarely exhibited or released.

When made aware that Sir Geoff Hurst, England's iconic number 10, is making farewell public appearances in 2024, I decided to make available for the very first time a unique small edition scale bronze monument of Geoff. This decision was also significantly influenced by Cure Leukaemia Charity being a major beneficiary of the money raised by the sale of the statue.

I refined my sculpture to be closer to the original source for my study - of Geoff playing in the famous 1966 FIFA World Cup Quarter-Final against Argentina where he scored the only and winning goal. Sir Bobby Charlton described it as "...the best England goal I ever saw in my time with the squad.

The image featured within this document is of the 12-14 inch bronze statue. To be signed by Geoff and if desirable handed in person to the acquirer.”

**Bids pre-event welcome. Please send to [joe@cureleukaemia.co.uk](mailto:joe@cureleukaemia.co.uk)**
